[Kathir Ezhil Portfolio](#)

## Professional Summary

BE EEE (SSN) and BS Data Science (IIT Madras) student. Academic topper skilled in Python, ML, and data analysis, with strong athletic achievements and a focus on applying AI/ML to real-world challenges.

## Skills

- **Programming:** Python, SQL, Java, C++, Golang, Dart, HTML,
- **Technical skills:** Web Application using Flask, ML foundation and techniques, Android app - Flutter, Figma for UI design
- **Mathematics:** Linear Algebra, Probability and Statistics, Fuzzy Logic Systems and Applications
- **Other Skills:** Teamwork, Multi tasking, Sports leadership

## Education

### Bachelor of Engineering – Electrical & Electronics Engineering

SSN College of Engineering, Chennai  
CGPA: 9.565

Aug 2023 – May 2027

### BS Degree – Data Science & Applications

IIT Madras

Jan 2024 – Present

Foundation Level CGPA: 9.88 | Current CGPA: 9.62

Interested fields - Machine learning, Web Application Development, Problem Solving

## Projects

### Internship suggesting web platform with ML [view code](#)

(SIH 2025)

Created a web interface using node JS which suggests internships based on user data which can be merged with existing PM internship portal

### Hospital Management System – Web Application [view code](#)

Nov- 2025

Flask, SQLite, Jinja2, HTML/CSS, Bootstrap

Built a role-based Flask web app with secure authentication, doctor–patient management, conflict-free appointment scheduling, and treatment history tracking using SQLite and Bootstrap UI.

### Digital Police Platform – Internship Project [view code](#)

Dec-2025

dart, Flutter, Firebase

Built a Flutter-based Digital Police app with Firebase backend, integrating an AI - triage system and chatbot to automate complaint handling, user guidance, and administrative management.

## Internships

### Software Development intern - ATRIBS Software Systems,

Dec - 2025

Pallavaram, Chennai

Gained hands-on experience in Figma UI/UX modeling, Industry 4.0 concepts, and Go (Golang) programming. Learned Dart and Flutter for mobile development and am currently developing a Digital Police platform as an Android application using Flutter.

## Activities

**Treasurer, IEEE CASS** – Managed chapter finances and supported coordination of technical workshops and events.

**NSS Volunteer** – volunteered outreach events - beach cleaning, first aid camps, safety awareness

**Intercollegiate Athletics (SSN)** -1500m & 5000m (long distance)

## Certifications

Merit certificate(1<sup>st</sup> year SSN College topper).

IIT M DS Foundation Certificate

NPTEL - Fuzzy Sets, Logic and Systems
